### THE VALUE OF CHARCOAL.

Few People Know How Useful It Is  
in Preserving Health and  
Beauty.

Nearly everybody knows that char-  
coal is the safest and most efficient  
disinfectant and purifier in nature,  
but few realize its value when taken  
into the human system for the same  
cleansing purpose.

Charcoal is a remedy that the  
more you take of it the better; it is  
not a drug at all, but simply absorbs  
the gases and impurities always pre-  
sent in the stomach and intestines  
and carries them out of the system.

Charcoal sweetens the breath af-  
ter smoking, drinking or after eating  
onions and other odorous vegetables.  
Charcoal effectively clears and im-  
proves the complexion, it whitens the  
teeth and further acts as a natural  
and eminently safe cathartic.

It absorbs the injurious gases  
which collect in the stomach and  
bowels; it disinfects the mouth and  
throat from the poison of catarrh.

All druggists sell charcoal in one  
form or another, but probably the  
best charcoal and the most for the  
money is in Stuart's Charcoal Loz-  
enges; they are composed of the  
finest powdered Willow charcoal, and  
other harmless antiseptics in tablet  
form or rather in the form of large,  
pleasant tasting lozenges, the char-  
coal being mixed with honey.

The daily use of these lozenges  
will soon tell in a much improved  
condition of the general health, bet-  
ter complexion, sweeter breath and  
purer blood, and the beauty of it is,  
that no possible harm can result  
from their continued use, but on the  
contrary, great benefit.

A Buffalo physician in speaking of  
the benefits of charcoal says: "I ad-  
vise Stuart's Charcoal Lozenges to  
all patients suffering from gas in  
stomach and bowels, and to clear the  
complexion and purify the breath,  
mouth and throat; I also believe the  
liver is greatly benefited by the daily  
use of them; they cost but twenty-  
five cents a box at drug stores and  
although in some sense a patent pre-  
paration, yet I believe I get more  
and better charcoal in Stuart's Char-  
coal Lozenges than in any of the ordi-  
nary charcoal tablets."

### Theatrical Notes

**THIS WEEK AT THE KENTUCKY.**  
Monday Night—"The Wizard of  
Oz."

Tuesday Night—Miss Mildred Hol-  
land in "The Lily and the Prince."  
Thursday Night—Sousa and His  
Band, with special soloists.

Saturday Matinee and Night—  
"The Isle of Spice."

### "The Wizard of Oz."

Fred R. Hamlin's production of  
that massive extravaganza, the "Wiz-  
ard of Oz," is to be seen at The Ken-  
tucky on Monday night of next week.  
"The Wizard" contains so many ele-  
ments that go to make it popular  
that there is small wonder that it  
has become such a strong drawing  
card in all parts of the country. It  
is not often that such a happy combi-

"The Scarecrow," in "The Wizard of  
Oz," at The Kentucky Monday night.

nation of music, mirth, pretty girls,  
clever comedians, gorgeous costumes  
and startling scenic effects as con-  
tained in this extravaganza is to be  
found. The characters of the Scare-  
crow and the Tin Woodman are most  
unique and disprove the old saying  
that "there is nothing new under the  
sun," the Scarecrow especially being  
a characterization that will not soon  
be forgotten. The new song called  
"The Nightmare," which has recent-  
ly been introduced by the two com-  
edians, has proven to be a tremendous  
"hit."

### Mildred Holland.

It is announced, that Miss Mildred  
Holland will make her appearance  
at The Kentucky on Tuesday night of

Miss Mildred Holland, in "The Lily  
and the Prince," at The Kentucky  
on Tuesday night.

next week, presenting for the first  
time in this city Carina Jordan's suc-  
cessful play "The Lily and the  
Prince." Miss Holland is, without  
doubt, one of the foremost actresses  
of the day. Her work always pleases,  
and her personality is magnetic and  
exceedingly charming. "The Lily  
and the Prince" is a beautiful play,  
and Miss Holland's work in it has  
met with instant approval every-  
where.

### B. C. Whitney's "Isle of Spice."

In richness of costume, stage  
groupings and stage settings, beauty  
and grace of chorus and the mechan-  
ical effects, the "Isle of Spice," which  
will be presented at The Kentucky  
on Saturday matinee and night of  
next week will far excel any similar  
production ever offered at this thea-  
ter.

The leading ladies of the company  
are: Miss Leslie Leigh and Miss  
Mattie Martz. Miss Leigh is a cute  
miss with a beautiful soprano voice,  
which she has many opportunities  
for using during the performance.  
Miss Martz is both pretty and grace-  
ful, and is sure to be a favorite with  
the audience from her first appear-  
ance. Her voice is exceedingly clear  
and sweet, and when she sings every  
individual in the audience will sit  
right up and take notice.

Sam Mylie is the leading fun-  
maker with the "Isle of Spice," and  
is a huge success in his role of King  
Bompoka. His fondness for draw-

poker, with the assistance of the  
other two comedians, Herbert Caw-  
thorn and Harry Watson, causes  
much trouble to himself and great  
fun to the audience. Others in the  
cast are George Whyte, Harry Grif-  
fith, Robert Kane, Susie Forrester  
and May Sweeney.

### "Get New Titles," Says Sousa.

Sousa, creator of the "Stars and  
Stripes Forever," the "Liberty Bell,"  
"Imperial Edward" and other com-  
positions with clever title and mela-  
dious content, sounds a note of warn-  
ing to fledgeling composers, who  
label their efforts with conventional  
captions. "Be original in your music  
and in your titles, too," says Sousa,  
and both as a hint and as a warning,  
he adduces the following table, show-  
ing several favorite themes and  
names, and the number of composi-  
tions already covering each: Songs  
about "Spring," 1,263,842; about  
"Love," 954,626; about "Bygone  
Days," 823,437; about "Flowers,"  
749,211; Pansies, Roses, Hyacinths,  
Daisies, Forget-Me-Nots and Lilies;  
about "Romanzas," 672,843; "Cradle  
Songs," 547,739; "Nocturnes,"  
521,266; "Reveries," 479,143; songs  
with violin obbligato, 422,001; "Sere-  
nades," 366,242; "Aeolian Murmurs,"  
133,009; "Rippling Cascades," 102,  
112; variations on "Yankee Doodle,"  
96,424.

"Several of the items in this list,"  
adds Sousa, "were suggested to me  
by a Milwaukee newspaper article,  
but I have quoted most of them from  
the front pages of compositions sent  
to me for performances. Several  
thousand such works are filed away  
in my New York office, waiting to be  
called, or sent, for by their com-  
posers."

Apropos, Sousa has for years past  
played more "novelties" at his con-  
certs than any symphony orchestra in  
the world, and has never failed to  
give the American composer a lift,  
wherever one has turned up pos-  
sessed of sufficient talent and prom-  
ise.

At The Kentucky on Thursday  
night of next week.

### Last Night's Minstrel.

The Donnelly & Hatfield minstrels  
owned by Al G. Field, had a large  
audience at The Kentucky last even-  
ing and gave satisfaction, although  
the performance dragged at times.  
The vocal selections were good, and  
the first part as a whole is creditable.  
Tuscano Brothers, the battle ax jugs-  
glers, are experts, and the Toledo  
troupe of gymnasts was something  
old and good, in a new and attractive  
form. Some of the jokes were new,  
but the comedy part of the perform-  
ance is woefully tiresome at times,  
and if the average audience feels as  
apparently many felt last night, a  
good deal of the comedy could well  
be spared.

### Edward J. Morgan Reported Insane.

Edward J. Morgan, who closed his  
season in "The Prodigal Son" at  
Christmas time, is reported to be in-  
sane. It is said that he had been  
removed to Bloomingdale. His  
friends believe that his trouble is  
temporary. Morgan has been seen  
in Paducah, once in "The Eternal  
City," two seasons ago.

the system, cuts the phlegm out of  
the throat, strengthens the mucous  
membranes of the bronchial tubes,  
and relieves croup, whooping cough,  
etc. Children love it. Sold by Lang

### Railroad Commission Adjourns.

Owing to the death of the mother  
of Mr. MacD. Ferguson, of La Cen-  
ter, Ky., a member of the Kentucky  
Railroad Commission, the commis-  
sion, which has been in session at  
Frankfort considering its most im-  
portant case, the omnibus against  
the railroads in the state, has ad-  
journd until next Tuesday, when  
the investigation will be resumed.  
A great deal of work is still ahead  
in the case, as only the testimony of  
the Louisville and Nashville has been  
taken.

### James Alexander May Recover.

New York, Feb. 24.—A son of Jas.  
Alexander, former president of the  
Equitable Life said today: "Father  
is in a mighty serious condition."  
The treatment planned has been com-  
pleted, but it remains to be seen  
whether or not he will pull through.

## THAT RHEUMATIC TWINGE IS NATURE'S WARNING

The first twinge of Rheumatism is a warning—Nature's own  
signal to the sufferer that the system is being overloaded with uric  
acid. Uric acid poisons the system and causes Rheumatism.

Nature is always at work, driving this poison out of your  
body, but when Rheumatism comes, it means that Nature has been  
overworked. That unless she is given aid the Rheumatic sufferer  
can only look forward to increased pain and a long life of misery.

### How Uric Acid Causes Rheumatism

Did you ever see any uric acid?  
Most people like to see things before  
they believe them.

Well, you can see uric acid if you  
want to. Just take a glass full of  
urine and set it in a cool place over  
night and see what happens.

The whole bottom of the glass will  
be covered with a deposit of uric acid  
and other things.

Now this uric acid in the glass has  
passed from your body properly and  
it doesn't hurt you. But when your  
system is out of order some of the  
uric acid is left in it.

Then it settles in different parts of  
your body, just like it settled at the  
bottom of the glass.

It settles in your shoulder or your  
knee, and you have Rheumatism in  
the muscles and you have Inflamma-  
tory Rheumatism. If allowed to run  
on the kidneys are affected or Heart  
Disease results.

### NATURE'S WARNINGS OF EXCESS URIC ACID

Serious illness begins with biliousness, headache, darting pains, sleep-  
lessness, poor digestion, dry skin, shortness of breath, palpitation, sluggish  
brain, dark colored urine, and in women, menstrual disorders. These are  
Nature's warnings.
